CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AND FOR THE RELIEF OF PATIENTS IN ADVANCED STAGES OF CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it a reputation and supremacy by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure all, there is abundant proof that the Cherry Pectoral does not only a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, *Cherry Pectoral* is known as the best remedy extant, for diseases of the Throat and Lungs—and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, *Cherry Pectoral* is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incident to childhood.

The *Cherry Pectoral* is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy of once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

RAIL-ROAD STOVE!

IN offering this truly elegant and durable new Stove to the public we feel confident we are offering as good a Stove as has ever been introduced into this market. We do not claim perfection for it, but we are confident it has no superior in this or any other market, either in durability of material beauty of design, economy as fuel or convenience in construction. The Castings are smooth and heavy, and well wrought. The conveniences for Boiling and Baking are excellent, and for Broiling it surpasses any thing we have ever seen,—carrying off all the smoke and steam.

We manufacture them in this city, and can furnish many pieces at any time, thereby saving the time and expense of procuring them from abroad.

Please call and examine them before purchasing.

—ALSO—

A great variety of other Stoves, such as the GRANITE STATE, the BAY STATE improved, the Constitution The FORRESTS QUEEN &c. &c. Also—all kinds of Elevated Oven Cook Stoves.

—ALSO—

BANGOR AIR-TIGHT

COOKING STOVE!

THE best Cook Stove ever introduced to this or any other people.

Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was constructed expressly for the eastern market, by those experienced and expert Stove manufacturers, Messrs. Ayres & Whittier, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Cooking, Broiling, Frying, &c. are not surpassed, and its extensive and beautiful Oven for Baking and Roasting will at once recommend itself to the Ladies. One very important feature is, it has very few joints and smooth castings, and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and if one not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

—ALSO—

A great variety of other patterns of cooking Stoves, such as the

Our State, Bay State, Empire State, Granite State, State of Maine, &c.,

All or any of which will be sold at extremely low prices.

Elevated Oven Stoves—Hampden and 4 Boiler and Oven—Boston two oven Stoves, Forrest Queen &c—and that very beautiful pattern of Cottage Parlor Cook Stove, and in fact every pattern of Stove for Cooking or warming worthy of notice, can be found at the Central Street Stove and Furnace Depot.

CULVER'S COAL FURNACE

Is acknowledged to be the very best Furnace for Coal ever introduced.

PATENTS,

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, *WASHINGTON.*

No. 22 State Street, . Boston.

IN 1836 the subscriber was appointed by the Commissioner of Patents Agent in the U. S. Patent Office, in accordance with the 10th Sec. of Act of '27.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *where, by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe, and other countries.

Persons unable to visit Washington can save the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *herebefore* explaining their intentions, and consulting in respect to them, *matters, in general, of paramount importance in order to obtain a correct search previous to any claims.* The experience of fifteen years in practice, an extensive collection of rare works, decisions &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time the office has been established, together with accurate Records kept of inventions patented at Washington, enable the subscriber to afford to inventors peculiar facilities for procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. Late Commissioner of Patents.

NEW CUSTOM HOUSE.

COMMISSIONERS' OFFICE, Bangor, Maine, Nov 16th 1852.

IN conformity with instructions from the Secretary of the Treasury proposals will be received at this office, for the construction of the new Custom House at Bangor, according to plans and specifications prepared by A. B. Young, Esq., Superv'sing Architect, until twelve o'clock on the 17th day of January, 1853. Said proposals to contain offers for the entire work, and also separately for each part, the Department reserving the right to contract either way, as it may seem desirable—The Department also reserves the right to accept the bid or bids which, under all the circumstances shall appear most favorable to the interests of the Government, or of not contracting at all in case the proposals, together with the incidental expenses attending the construction of the building shall exceed the appropriations at its disposal. Seventy-five per cent of the amount of work done and materials furnished, according to the contract prices—said amount to be ascertained by the estimate of the Commissioners, will be paid every thirty days, the twenty-five per cent to be retained until the completion of the building and its acceptance by the Government. Every proposal must be accompanied by a written guaranty, signed by two responsible persons, to the effect that they undertake that the party or parties making it, will if his or their offer be accepted, enter into a contract and bond, with sufficient sureties, in the sum of $15,000 for the faithful execution of the work, and no offer will be considered unless accompanied by such guaranty.

Plans and specifications of the building can be seen at the office of the Commissioners and also blank forms for the bids.

The proposals will be opened by the Commissioners at twelve o'clock on the day succeeding the expiration of the time for receiving them in presence of the bidders, if they or any of them shall be present.

NEW MUSIC BOOK.

THE HAHPSICHORD:

OR, UNION COLLECTION OF SACRED MUSIC,

BY LEONARD MARSHALL AND HENRY N STONE, TEACHERS OF MUSIC, BOSTON.

THIS work is the *most complete* collection of Sacred Music ever published, containing about five hundred tunes in upwards of *eighty* different meters, besides chants, and more than *sixty Anthems* and set pieces, adapted to every occasion of divine worship and public interest, such as Dedications, Installations, Ordinations, Baptisms, Funerals, Thanksgiving and Fast Days, Opening and Close of Service, Patriotic and Temperance Celebrations, &c., the whole forming a book of three hundred and eighty four pages, of more than usual size, and in large and elegant type. All its features have been perfected with the greatest care, and under the immediate supervison of the editors. But the number of pieces is not the only recommendation of this work;—reliance is placed mainly in the fact, that the music will bear examination, each tune having been thoroughly digested and made not to fill up the book, but to be sung.

Most of the music in this book is new to the American public, and selections are made from Handel, Haydn, Mozart, Neukomm, Rossini, Russell and others.

Also, FIRESIDE HARMONY, a collection of Glees and part songs, either of original or adapted from the German, and never before published in this country.—By Wm Mason.

Professor Russell's Reading Books, which have been introduced into more than 500 towns.

The WHITE SLAVE, a book of thrilling interest, on Slavery, with eight engravings. Agents wanted to sell this last named book, who can make good wages.

Orders solicited by TAPPAN & WHITMORE 134 Washington street, Boston, for the above.

Volcano Quartz Mining Company,

Volcanoville, El Dorado Co.,

CALIFORNIA.

BOOKS for subscription to $75 000 of the stock of this company are now open at the office of the Company, 78 BROADWAY, New-York.

The uncommonly rich claims of this company hold out inducements to those who are disposed to invest capital in quartz mining in California, not surpassed, if indeed, *equaled*, by those of any other company of that State.

The extraordinary richness of our quartz, as was witnessed by *thousands* at the late *Fair of the American Institute*, and the extent of our claims, together with the peculiarly favorable location for economical working upon a large scale, will ensure the *most ample* and *satisfactory* returns upon the amount invested.

It is well understood by practical men that, with machinery working *twenty tons* of quartz, passing *two cents* per lb. large profits will be realized upon each day's work. It is the intention of the company to obtain machinery sufficient to work *fifty tons* per day, and to work it in the most economical manner, by which they feel confident it can be done, from their rock which will yield from *two cents to twenty dollars* to the lb to make returns to their shareholders which will not only satisfy but surpass them.

It will be seen by reading the pamphlet containing the *charter*, the laws of California, and the details of our plans of operation, that our estimates are based upon *two cents* per lb and the expenses of working the mills are put at the present *high prices* for labor, while it is well known to all who reflect upon the matter, that as the cost of labor shall be reduced, the income will be materially enhanced.

If we work 50 tons per day, and get *two cents* per lb, it will yield $1 to 0 while *three four, or five* cents per lb would give a proportionate increase of receipts, the expenses of working the mill would not be increased a dollar and will be less than $450 a day.

Subscriptions can be made by mail, enclosing ten per cent on the amount of the balance, twenty per cent to be paid on the 25th of Nov inst. and twenty per cent on the 25th day of December next, when certificate of stock will be issued.

Pamphlets containing the charter of California in relation to corporations, the rules and regulations of this locality, the organization of the company, together with much other interesting and useful matter including a map of a portion of the northern mining region, may be had gratis at the office of the Company, No 78 Broadway, or by mail on application (post paid).

Further News From Mexico.

New Orleans, Dec. 9.

There had been no battle between General Valdez, the leader of the federal troops, and General Uraga, as previously reported. The former, however, was shut up in a fortified camp, and had been summoned to surrender by Uraga. His position was considered very critical. There was but little chance of succor from the capital. The people of Guatemala had received Uraga with open arms, and the greatest enthusiasm prevailed. The States of Guatemala and Tamaulipas had pronounced in favor of the plan.

Delightful Prospects.

Should Gen. Pierce, on his arrival at Washington, seek to escape from the importunities of partizans in quest of office, by a retreat to some other locality, it will hardly do for him to venture into the "Ancient Dominion." It seems strange, at first thought, that old Virginia, the mother, or dictator of Presidents, should contain among her "chivalrous" families more of the tribe of office seekers than any other Commonwealth—but so it is, if we are to credit the statements of her own democratic journals.— According to this authority the State is worse overrun with them, the Egypt ever was with locusts. Let the reader, for instance, run over the following extract from a recent article in the Richmond Enquirer:

"Besides this, he (Gen Pierce) must expect to be pursued from New Hampshire to Virginia by a pack of office seekers more hungry than the grave, fierce as the furies, terrible as hell! They will howl on him like the famishing wolves of the Canadian snows after a wounded elk. He will get no rest by day, and no sleep by day. Each town and village will reinforce the pack—every city will take up the horrid cry, and before he reaches Richmond the train conveying them will reach twenty miles at the least calculation. Their yellings will deafen heaven—raise the dead—split huge rocks wide open—and convert our quiet city into a Pandemonium. By the most modest and cautious calculation, there are now in the State of Virginia 200,000 hungry patriots. We would not be far beyond the mark to say, there are fifty office seekers here for every place in the gift of the Federal Government. Already the mail bags burst open with the letters of solicitation. Every member of Congress, every elector, every member of the Legislature of Virginia, every man who has managed to poke his head up from the level sea of privacy, is besieged and tormented, either to use his own influence, or to write letters to somebody else to get their help to get everybody they ever saw in office—only an office!" Is Mr. Pierce rash enough to enter this menagerie?

Ship Building at Frankfort.

There has been built at Frankfort, the present season, two ships, one barque and one brig. One of the ships, built by Messrs. James Arey & Son, called the Flying Arrow, is a fine clipper ship, of about 1100 tons burthen, built expressly for the California trade, has been recently sold to Messrs. Manning, Stanwood & Co., and Messrs. Thomas Grey & Son, of Boston, for $60,000. We understand she is to sail on Wednesday next, in tow of the steamer R. B. Forbes, for Boston, and will load in Messrs. Glidden & Williams' line for San Francisco. The other ship, built by Messrs. George Dunham & Co., called the Ocean Spray, is also a fine clipper, of the same model and size as the other, has been sold to Gen. Samuel Veazie, of Bangor, Ralph Johnson, Esq., of Belfast, and Capt. McLellan, of Warren, for $55,000. I understand she is to sail in a few days for New York, to load for California. The barque is called the John Henry; was built by Alfred ... Messrs. Nath'l Blanchard & Sons, of Portland, and others, and is a well built and neatly finished vessel. The brig, called the Ann A. Tino, 250 tons, was built by Daniel Williams, Esq., and owned by him, Capt. Ashmun Pierce and others, and is a staunch, well built and neatly finished vessel, of excellent model; was built expressly for the Cuba trade.

We understand that Messrs. James Arey & Son, have already commenced collecting materials for another ship, of upwards of 1400 tons. Frankfort is in earnest for ship-building. P.

Murder of Charles W. Murphy.

To the Editor of the Whig and Courier.

San Francisco, Nov 14, 1852.

Although personally unacquainted with you, I have been a constant reader of your paper for above eight years. And through its columns I desire to make public a few facts concerning the *murder* of Charles W. Murphy, of Bath, Maine. Mr. Murphy has borne a most irreproachable character since his arrival in this country. For sometime he held the post of 2d officer on the steamship Winfield Scott, and during that time made himself a universal favorite with all on board. Soon after leaving the steamer he received an appointment in the police department of this city, which situation he held until his death, which was caused in the following manner:

Mr. Murphy in company of some of his friends went into a Chinese public house, and during their stay broke an article of small value belonging to the Chinaman, for which damage he demanded one dollar. During the conversation another policeman—Lane—entered the house and told Murphy he must pay the damage or go to the Station-house with him.— Murphy replied that he must be joking as he was a policeman, too, but Lane says: "you shall find it is no joke;" and immediately stepped to the door and called an associate who undertook to assist in arresting him. Murphy being a powerful man broke from them and made for the street. Lane called and told him to stop or he would shoot him, and suiting the action to the word drew his Colt's revolver and fired. At the second discharge Murphy turned facing them and said he could shoot too. At this Lane lowered his pistol and fired the third time, the ball passing through his neck killing him instantly. Lane went and gave himself up at once to the authorities, and is now awaiting his trial. The papers at the time smoothed it over so as to favor Lane as much as possible, but notwithstanding this, a great deal of indignation is felt and expressed by the citizens who generally attribute Lane's conduct to a feeling of jealousy.

Mr. Murphy was a native of Bath, Maine, where I have understood he has parents living. It may be some satisfaction to them to know that not the slightest blame is attributed to the unfortunate young man.

I write this with the concurrence and by the advice of several of our citizens who wish justice done the memory of the deceased.

Respectfully, I remain, &c.

CHARLES B. GOODALE.

Indian Eloquence.

To the Editor of the Whig and Courier.

Bangor, Dec. 15, 1852.

During the summer of 1849, an Indian calling himself *Cawshawgance*, lectured in several towns of Western Massachusetts, bordering on the Connecticut river. He appeared to be a very pious man—professed to be a member of a tribe of Western Indians and was then preparing himself to go back to his people as a missionary. He moreover brought recommendations from various divines of note, so that he was received by the people with entire confidence. Liberal collections were taken up to support Mr. Cawshawgance, and his wife who accompanied him, so that he might finish his studies in Philadelphia.

The writer had the pleasure of listening to one of his lectures. He dwelt at some length on the wrongs inflicted on the Red Man by the Pale Face. But the fur-traders were, in his view, sinners above all other men, and were well worthy of the berating they received, if one-tenth he told of them was true. He also described the habits and customs of his people, for instance; the manner of burying their dead —and the assembling of the warriors in council, coming together from all quarters, each bringing a bundle of sticks which were placed in a circle around which the council was held. There were many other interesting particulars of which it may be of use to mention one— speaking of what some white men regard as hospitable entertainment, he mentioned that, while traveling one day, he was hailed by a rough old farmer who invited him into his house and there offered him choice liquors of various kinds. On declining these, the old gentleman insisted on his taking some of his temperance drink, as he termed his boiled cider, giving in the meantime a graphic description of the process of manufacturing it.

So much for the lecture which drew such sympathy from the hearts and not less than thirty dollars from the pockets of the audience. Mr. Cawshawgance presently departed with the money and his lady.

To be assured that all was right, letters were written by some of the good people to those from whom recommendations had been brought, when it was discovered that they were all false ones, and that our pious Indian orator was a *notorious rascal*. A short time after he was convicted of criminal conduct, and instead of continuing his studies in a literary institution in Philadelphia, he took lodgings in the State Prison at Charlestown, Massachusetts. From that establishment he graduated some two years since and is now at large, so that it will be well for all to be on their guard, and if he comes *this way*, to give him a "terrible letting alone."

Augus...

P. S. The Indian lecturer at the City Hall last evening, in appearance, and in the matter and manner of his address reminded me strongly of the one above mentioned, but the Cawshawgance I have been speaking of belonged to a tribe in Iowa, as he said, while the other professes to be from Oregon.

CONGRESS.

Washington, Dec. 13.

IN THE SENATE.

Messrs. Norris, Soule and Underwood, appeared and took their seats.

The Secretary read a letter from Hon. Wm. R. King, who is ill, requesting Mr. Atchison to take the Chair. Agreed to.

Mr Bright gave notice that tomorrow he will move a reference of the President's message to the several committees; and moved to suspend the rules requiring the committees to be chosen by ballot.

Mr Hale said he understood that the Hon. gentleman had a list of the committees in his hand. He desired to know the names of these committees which were to be appointed. A long debate ensued.

Mr Bright, in answer to Mr Hale, said he had a list of the committees, which he intended to submit to the Senate, and that they stood nearly the same as last year. Where there were vacancies caused by change of members, Senators of the political party having the majority had met together and named three persons on each committee of five, and two on each committee of three. The list was then handed to Senator Pearce, and the Whigs named the remaining members. The Senator from New Hampshire was not on any committee, because the Democratic majority conceived that that Senator was outside of any healthy political organization.

Mr Hale replied that he was glad to be relieved from the labors of committees, and was proud of the cause given for his exclusion.

The rules were suspended, when Mr Bright offered the list of committees, and moved that it be adopted.

A message was received from the House, relative to the deaths of Messrs Fowler and Thompson of Massachusetts.

Mr Davis said as the rules of the Senate forbid the usual proceedings in case of death of members during the recess, the Senators from Massachusetts would forbear any reference to the deceased.

Mr Chase insisted that the Senate proceed to fill the vacancies in committees occasioned thereby.

No quorum being present, Mr Underwood moved that the Chair proceed to fill vacancies.

Mr Hale objected.

The Chair was finally authorized to fill the vacancies.

Several petitions were presented, amongst others, against the employment of chaplains by the United States.

Mr Chase presented a resolution from the Legislature of Ohio, in favor of distributing the public lands amongst actual settlers.

On Mr Underwood's motion, the unfinished business of last session was recommitted to the Committees.

Mr Gwin offered a resolution calling for further documents concerning the imprisonment of Consul Rice at Acapulco.

The select committee of last session on charges against the boundary commissioner, was reappointed. Also the committee on claims against Mexico.

On the Kentucky contested election case being taken up, Mr Mangum withdrew his amendment.

Mr Underwood's address in support of Dixon's claims was not concluded at 4 o'clock, when the Senate adjourned.

The committees of the Senate are precisely as last year, except vacancies.

During the session, a lady in the gallery dropped her parasol, which fell, point downward, upon the head of Senator Pearce, causing the blood to flow very copiously. The wound, however, is not serious.

IN THE HOUSE.

Mr Hall introduced a bill for organizing the Territory of Platte. Referred to Committee on Territories.

On motion of Mr. Carter, to ... of the President's Message, as relates to patents and ..., ... was referred to the Committee ...

Mr ..., from the Committee of Ways and Means, reported a bill making an appropriation for the payment of invalid and other pensions for the year ending June, 1854. Referred to Committee of the Whole on the State of the Union.

Mr Ives introduced a bill granting to the Sacketts Harbor and Ellersburg Railroad the right of way through the military reservation at Sackett's Harbor.

Mr Wilcox introduced a resolution providing that the representatives of this Government at foreign courts be instructed to urge such amendments to the existing treaties between the United States and foreign powers as will secure the same liberty of religious worship to all Americans residing under foreign flags which is guaranteed to all foreign citizens residing under the flag of our Union, and that in all treaties hereafter to be made, the commissioners shall secure, if possible, a similar provision. The resolution was referred to the Committee of Foreign Affairs.

The debate referring the various parts of the President's Message was ordered to close on Wednesday.

The House then went into Committee of the Whole, the question pending being on the resolution of Mr Brooks to refer so much of the Message as relates to the Tariff, &c., to a special committee.

Mr Jones of Pennsylvania was surprised that the gentleman from New York should at this crisis open the tariff question. The gentleman must know that constituted as the House was, nothing can possibly occur that would be injurious to the interests of protection.

Mr Jones proceeded to address the House at considerable length in opposition to the course proposed by Mr. Brooks, and was of opinion that judging from the present aspect of Europe and of our foreign relations, we should, in less than twelve months, find ourselves with a deficiency, and predicted that France, backed by Russia, Austria and Prussia, would shortly test with us our ability to maintain the Monroe doctrine.

Alluding to Cuba, he said she was a dependency of Spain, and he hoped she would remain so until that government herself should relinquish the island.

Mr. Seymour of New York gave notice of an amendment to the eighth resolution proposing to refer the subject of rivers as well as harbors to the Committee on Commerce.

The Committee then rose without disposing of the subject before it. Adjourned.

Phosphate of Lime.

This substance, commonly called bone earth, because a constituent of the inorganic substance of animals, is now receiving a large share of attention from Agriculturists, as affording the cheapest and best fertilizing agent for plants—particularly the grains, beans, peas, and lentils. Within a few years it has become an article of commerce, under the name of Guano; the excrement of innumerable flocks of birds; and more recently, by the name of *Super-Phosphate of lime*, being either a pure phosphate of lime, or an admixture of this substance with other agents, as experience has proved necessary. A soil, totally deficient in *lime* would not produce these plants above mentioned, and consequently we find that lime is as indispensable to the life of plants, as common salt is for that of animals. Phosphate of Lime (Phosphoric acid and lime) is now being manufactured on a large scale in New Jersey, under the supervision of Prof. Mapes, and is put up in various quantities for market, and, as we learn by an advertisement in the *Working Farmer*, is afforded at the rate of $50 for the ton of 2000 lbs., being much less than the price at which it can be manufactured by individuals for use.

Prof. Mapes says, in the September number—"We have applied it to one field, on which are planted 60,000 cabbages, all of which are in a most flourishing condition, and fully equal to those raised in the richest and oldest soil. This field was plowed in June, being the first time for many years. It was an old pasture, overrun with weeds and foul grasses and entirely out of heart. We applied 250 lbs. broadcast per acre of the Improved Super-phosphate of Lime, and after putting out the plants, at the first hoeing gave 250 lbs. more, making in all 500 lbs., at a cost of $12.50 per acre, and we state confidently that this will give twelve thousand merchantable cabbages per acre. Those who have used the new manure on grass, wheat, corn, &c., are more than delighted with its effects, while for turnips the results are still more wonderful. It hurries their growth so rapidly, as to force them beyond the fly and ensure their perfection at an early date." [Farmer and Mechanic.

Sunshine.—You are no doubt, a lover of sunshine. Your eye has brightened while gazing upon the dream that has glistened up the path before you and made the village windows blaze, and put a golden star on the weather cock of the church steeple. That beam has shone into your very heart, and made you feel glad to be alive. But there is another kind of sunshine that you love. Is there not some kind friend whose smile is brighter and clearer sunbeam to you than the brightest beam that gladdens the earth on a summer's day. Yes it is the smile of a husband, a wife a sister a brother, or, well—no matter! it is the smile of some dear being, whose every thought is blended with your own, and without whose smile, in the merriest summer time, this would be a gloomy world.

But, the shadows of evening have before now closed over the sunshine that has gilded your pathway, and if night has not yet beclouded the sunshiny smiles of those you love, it will do so. There are removals in this world of tribulation that wring the heart. You may have to go and weep in the graveyard, ere long, where they have laid the object dear to you as your own life.

There is yet another kind of sunshine "delight in this, and no night shall close over it for ever; the sunshine of a Savior's love in the heart. Clouds may intervene for a time, but those clouds shall pass away; the valley of the shadow of death may seem to shut it out forever, but that will be only the breaking of the last cloud breaking away before the dawning of eternal daylight, and the blaze of everlasting sunshine, for it is expressly written that— "There shall be no night there," Rev. xxi 25. Well, then, may the clouds and storms of this life be borne with patient and joyful anticipation. [Thoughts for the Thoughtful.

The Prompt Clerk. I once knew a young man (said an eminent preacher the other day, in a sermon to young men) that was commencing life as a clerk. One day his employer said to him, "Now, to-morrow that cargo of cotton must be got out and weighed, and we must have a regular account of it."

He was a young man of energy. This was the first time he had been instructed to superintend the execution of this work; he made his arrangements over-night, spoke to the men about their carts and horses, and resolving to begin very early in the morning, he instructed the laborers to be there at half-past four o'clock. So they set to work, and the thing was done; and about ten or eleven o'clock his master comes in, and seeing him sitting in the counting-house, looks very black, supposing that his commands had not been executed.

"I thought," said the master, "you were requested to get out that cargo this morning."

"It is all done," said the young man, "and here is the account of it."

He never looked behind him from that moment—never! His character was fixed, confidence was established. He was found to be the man to do the thing with promptness. He very soon came to be the one that could not be spared; he was as necessary to the firm as any of the partners. He was a religious man, and went through a life of great benevolence, and at his death was able to leave his children an ample fortune. He was not smoke to the eyes nor vinegar to the teeth, but just the contrary.

An Infant Colony.—One hundred children from Hospital des Enfans Trouves will leave Paris on Monday, for the infant agricultural colonies in Algeria. They have been selected from among children between the ages of 10 and 13, certified by medical men to be of robust health. They are to be placed under the direction of the Abbe Brumand, who has already upward of 600 children in different colonies in the plain of Algiers. In addition to the 100 foundlings, the Abbe is to have 400 children, orphans or belonging to poor parents confided to him by the Bureau de Charite. The administration of the Enfans Trouves has given each of the 100 children sent out an outfit worth 40f., and has engaged to pay 80c. per day for each child until the age of 10. When the children shall be of full age and shall have obtained a sufficient knowledge of agriculture it is intended to make them concessions of land. Hitherto it has been the custom of the Foundling Hospital to place children with peasants or workmen and to pay only 50c. to 60c. a day for them up to the age of 12; after which they have considered capable of providing for themselves.

The only practical joke in which Mr. Barnum was ever personally engaged, was with a boy at Canterbury, when a schoolfellow, now a gallant Major, famed for deeds of arms, he entered a quakers' meeting house; looking round at the grave assembly, the latter held up a penny tart, and said, solemnly,

"Whosoever speaks first shall have this pie."

"Go thy way," answered the drab-collared gentleman, rising, "go thy way, and—"

"The pie's yours, sir," exclaimed Barnum placing it before the astonished speaker and hastily effect his escapeed.

THE First lecture of the season will be delivered, on Thursday Evening, Dec. 16, at CITY HALL, by Rev. J. C. BODWELL, of Framingham, Mass. Subject—"The American's Reception in England," with Anecdotes after the manner of Charles Dickens and Mrs. Trollope.

Tickets for sale at the Bookstores, at $1,00 each; admitting one person for the course.

Doors open at ½ before 7. J. FENNO, Sec'y.

LOVET'S WAHPENE

Will, without doubt, change Grey Hair to its original color, cure Baldness, remove all Scurf and Dandruff, and other diseases of the Hair and Scalp.

CAUTION!

I caution the public against buying an article called "Improved Wahpene," for Lovet's. The said article has been got up, and the name pirated, to deceive the public and injure the Proprietor of the true "Wahpene," thinking to get off his spurious article under the wide spread reputation of Lovet's. GEO W. EMERSON, Druggist, No. 4 Smith's Block, is my only authorized agent in Bangor, of whom the genuine Wahpene may be obtained, at wholesale or retail, at my prices. H. T. LOVETT, N. Y., Proprietor. Dec 13, 1852 d&w

"DIGEST"—Such is the true meaning of the word "PEPSIN," or of the two Greek words from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID, or GASTRIC JUICE, prepared by Dr. J. S. HOUGHTON, of Philadelphia, from the fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH. See the figure of the Ox, in another part of this paper. Oct 15, 1852. 3tawd&w1y

P. of F.

Purchasers of Furniture will find it for their advantage to call on H. S. Brown, No. 12 Central Street, just round the Corner of Dow's Block, and examine his new stock of Furniture, Feathers and Mattresses.

BE NOT DECEIVED.

Unprincipled men and ignorant quacks have taken advantage of the great popularity and wonderful cures performed by Curtis & Perkins' Cramp and Pain Killer, and are endeavoring to palm off base imitations and counterfeits of this article. Remember the only genuine and original Cramp and Pain Killer in the world is Curtis & Perkins', as will fully appear by their right secured for the United States, and no other person in the world is in possession of the secret of compounding the genuine article. Avoid all spurious and miserable imitations, or you may take poison instead of Pain Killer. Purchase of our authorized agents. Be sure you get the genuine Curtis & Perkins' Cramp and Pain Killer, and you will be positively sure of relief from pain, and a speedy cure.

CURTIS & PERKINS.

Bangor, Sept. 22, 1852 3tawd&w

EVERY FAMILY should at once procure a bottle of the great Arabian remedy for man and beast, called H. G. FARRELL'S ARABIAN LINIMENT. It allays the most intense pains in a few minutes; restores the synovial fluid or joint water, and thus cures stiff joints; it penetrates the flesh to the bone, relaxed contracted cords, cures rheumatism and palsied limbs of twenty years standing, also tumors, swelled neck, enlargement of the glands, and is the best medicine for ailments of cattle ever discovered, curing sweeny, spavin, splint, and all diseases which require an external application.

Sun Pain of 10 years' standing cured by H. G. Farrell's Arabian Liniment.

Mr. H. G. Farrell—Dear Sir: I had been afflicted with the "Sun Pain" for the last ten years, and could never get relief except by bleeding, but by the use of H. G. Farrell's Arabian Liniment, applied over the temples about three or four times a day, it was entirely removed, and I have felt nothing of it since. I went into the stable one night, to apply it to a horse's sore leg, and being very lame he stumbled and fell against my legs, crushing and bruising them so badly that they turned black as my hat, rendering them powerless. I applied your Liniment, and was well enough in a few days to go about again as usual. I also crushed my finger in a shocking manner, by letting a back log fall upon it, your Liniment soon healed it up; though. JOHN B. M'GEE,

La Salle precinct, Peoria co, Ill., Feb. 6, 1849.

[*Esq. Barker, of New Canton, Ill., says:*]

Mr. H. G. Farrell's Arabian Liniment has cured some bad cases here, which every other remedy had failed to. One was a white swelling and contracted cords in the leg of a boy twelve years old. The leg had withered away, and was so contracted that he had no use of it. Three doctors had tried their skill upon it in vain, and he was just *sinking to the grave*, when the boy's father was induced to try H. G. Farrell's Arabian Liniment. Before the first bottle was used up he came to Mr. B's store, and the first words he said were, "Mr. Barker, I want all that Liniment you have in the store, the one bottle I got did my boy more good than all that ever been done before." That boy is now well and hearty, and has true use of his legs. It is good for sprains, bruises, cuts, burns, and swellings.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Sold by INGRAHAM & FULLER; wholesale and retail, Bangor. Also by E. F. Kinsell, Oldtown. French & Hamilton, Dexter. Geo. Parcher, Ellsworth. P. O. Flaherty, Houlton. And by regularly authorized agents throughout the United States.

Price 25 and 50 cents, and $1 per bottle.

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has ever had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child, and alike astonishing and satisfactory in its effects upon man or beast! To those unacquainted with this invaluable medicine we say give it a fair trial, and we promise you a radical cure of Coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood, and all Lung Complaints; Chronic Diarrhea, and Dysentery in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains, Chapped Hands, Bruises, Burns, and all descriptions of wounds, are magical. Persons troubled with Cramp in the Stomach, Side or Bowels, Sore Throat, Piles, &c, by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it carry its own recommendation; as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica. The inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs, and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption. My legs swelled so that I was unable to stand for help myself. At that time your liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of the complaint. I do truly say I think your Anodyne Liniment was the means of saving my life. JOHN T. ATKINS.

[illegible]ver, Sept. 29, 1852.

Dr Johnson; Dear Sir—In consequence of having a sore on my leg, it became entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles, my leg was limbered and strengthened, and for a number of years I have been able to use it about as well as the other. I consider myself indebted to the use of your Liniment, through the blessing of Providence, for the use of my leg; and would say to others who may need help in this way, try it and no doubt you will be cured.

JAMES FREDERICK FOSTER

MANUFACTURER OF

Ratchet and Spiral Trusses,

467 Washington Street, 467,

BOSTON.

ALL the various approved trusses constantly for sale. Ladies waited on by Mrs. CAROLINE D. FOSTER, who has had twenty years experience in the business.

Strangers in the city will please take notice the old number, and the even numbers are on opposite sides of the street, it being 416 opposite to the subscriber's residence 467, where he will keep a full supply of Ready Made Trusses, for Gentlemen and Ladies, Youths and Infants, Abdominal Supporters of five or six different kinds, and such as Hull's, Chapin's Spinal, Cotter's, Fitch's, Ingall's, &c, &c.

☞ Ladies waited upon by Mrs Caroline D. Foster at the above place.

The following certificate from Dr John C Warren of Boston, was given 16 years since, but will last forever.

BOSTON, January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr J. F. Foster, to supply the deficiency occasioned by the death of Mr Beath. After some months of observation of his work I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C WARREN, M.D, Boston.

CERTIFICATE.—The following certificate is from Professor Stuart, of Andover, Theological Seminary:

The undersigned having occasion to employ Mr. J Frederick Foster of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpass (as far as our experience goes,) any other manufacture of the article.

The numerous testimonials which he has received, together with the recommendations of the eminent surgeon Dr J C Warren, are sufficient guaranty for all who may favor Mr F, that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. GREAT CURE FOR

DYSPEPSIA!

Dr. J. S. HOUGHTON'S

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia Pa.

"DIGEST." Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.

SCIENTIFIC EVIDENCE.

☞ The Scientific Evidence upon which this remedy is based is in the highest degree Curious and Remarkable.

Call on the Agent and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry; Dr Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr John W Draper, of New York University. DR. POMROY'S, Ophthalmic Ointment, OR EYE SALVE.

For the various diseases of the eyes and eyelids, nothing has ever been discovered equal to this medicine. All those painful and unsightly diseases to which the eyes are subject, yield to the effective ingredients of which it is compounded. Granulation of the Lids, Inflammation and Ulceration of the Lachrymal Glands, Humors, Sties, Weakness of the eyes, Watery eyes, Rheum, whether acute or chronic, are entirely cured by it.

After a few applications the fever and soreness are removed, the swelling subsides, a fresh and healthy color succeeds the inflamed and irritated appearance, the cicatrizations caused by the discharges of the diseased surface falls off, and the strength, health and beauty are restored.

When once the lids and glands are in a healthy state the eye, no longer suffering in sympathy with its surroundings parts, recovers its energies, and is able to perform its important functions without weakness or pain.

This salve is a mild preparation, designed expressly to suit the extreme delicacy which forbid the use of powerful applications to the organs of vision. It may be used with entire safety in all cases, and seldom fails to cure. Many cases of Chronic Inflammation, where the sight has been greatly impaired, have been entirely cured by this simple application. It is believed that the salve has in no instance failed to benefit. All who have suffered with sore eyes, know how painful it is to be obliged to exercise the sight, long and steadily, when they are diseased. They will hail with joy anything that brings a remedy. This Salve invariably soothes and comforts the aching pain and will in a vast majority of cases effect a radical cure. Affections of the optic nerve and more difficult to manage than those of the outer surface, but still, by the use of this valuable salve, they are greatly relieved, and often entirely cured.

☞ This Salve is also recommended for Eruptions, Chilblains, Burns Cracked and Sore Lips, Chapped Hands, Chafed Sores, Pimples about the Face, Piles, Ulcers, &c.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE, OR NOCTURNAL EMISSIONS, &c.—The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Lassitude, and General Prostration, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION, thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these disorders, emissions &c., were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL, has, and is constantly curing those complaints relieving the mental and bodily incapacity of the unfortunate sufferers as the following testimony of the names received will conclusively show!

Dr Woodward of the Massachusetts Insane Hospital, writes of one of his patients being cured by using this cordial, thus:—"It gives me pleasure to inform you that one of my patients, while in Boston, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr. W., "I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend whenever an opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of cures out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance (that has been authenticated) given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Extract is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever of its benefiting me—but it has. I feel stronger, have had no emissions since, although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me."

Another says—"I had consulted several distinguished physicians. Some said I could not be cured, others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION—Ask for Dr. Morse's Cordial and take no other, as there are worthless imitations which its unrivalled excellence, fame and popularity, have brought into the market. It will not hurt the most delicate Female but do good. Beware of all other Cordials, &c., (and try only this.)

NOTICE. Persons conscious of physical inability from causes above named may confidentially consult D. Morse personally or by letter, (post paid) at his office, 78 Sudbury street, Boston. The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address.

Dr M is prepared to warrant a perfect cure in every case or take no pay.

Prepared by M. Morse, M. D, New York city. It is put up in pint bottles, with the words Dr. Morse's Vigorating Cordial, blown on the glass. Price $3 per bottle: 2 bottles $5; 6 bottles $12, and $24 per dozen.

THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

The VEGETABLE PULMONARY BALSAM, probably, is the most popular remedy ever used for these complaints. It has been before the public for thirty years, and has fully established its high reputation, which it has won by its efficacy in CONSUMPTIVE COMPLAINTS, and all DISEASES of the LUNGS, THROAT and CHEST. It has been used with probably greater success than any other article known, and Physicians who have had an opportunity of witnessing its satisfactory effects, recommend it as a safe and very efficient medicine, equal if not superior to any other remedy for the above complaints within their knowledge. The basis of this Medicine was obtained from one of the most distinguished Physicians in our country, and was prescribed by him in an individual practice of many years with the most astonishing relief. It is compounded with great care, and if used according to directions, will be perfectly safe.

From Messrs. Allen & Co, Milwaukee, Wisconsin.—"Those persons who have used the Vegetable Pulmonary Balsam, uniformly speak of it as a valuable medicine, and from the quantity sold and with the results of numerous other preparations used for similar complaints, we consider it first on the list."

Respectfully, &c, ALLEN & CO.

The Editor of the Salem [illegible], [illegible], have had occasion to witness the great effects of the Vegetable Pulmonary Balsam in curing [illegible] of a young lady who has been [illegible], by the use of it, and also in several [illegible] and we cheerfully bear testimony to its being a valuable compound and very efficacious medicine [illegible]—Ed Courier.

A Clergyman from Philadelphia writes: "I have been in the habit of using the Vegetable Pulmonary Balsam for himself and family, for the last thirteen years, and also of recommending it to his friends and considers it an invaluable remedy for all pulmonary complaints.

"For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of pulmonic complaints and other affections of that kind. I would therefore confidently recommend its use in all complaints of the chest, as being equal, if not superior to any other medicine within my knowledge."

BRANT'S INDIAN

PULMONARY BALSAM,

The Great COUGH REMEDY.

Many years of experience, and more than a Hundred Thousand Cures of Consumptive Complaints, have proved to the undoubted satisfaction of all persons who have become acquainted with this wonderful remedy, that it is greatly superior, because it is soothing and healing, and more certain to cure Consumption of the Lungs, than any other Remedy in the world. We know, however, that it is said by some that Consumption can not be cured. Be that the opinion of the many or the few, we shall not attempt to argue with such; but this we will say, and do assert as a fact, what can be proved in thousands of cases, that this medicine has cured Coughs and diseases which, before the cures were effected, were called real Consumption, and which were attended with symptoms that resembled, and were in all respects like the symptoms of those who die and when dead are said to have died with that fatal disease Consumption. This Balsam has cured thousands of persons who were and to be hopelessly afflicted—who had hard, dry, racking Coughs—Pains in the Breast, Side, and Back—Difficulty of Breathing—Purulent Expectoration—Hectic Fever—Night-Sweats—and wasting away of the Flesh and Blood. Persons having such complaints have been cured after it was said they could not live a week longer. This Medicine has cured some who were supposed to be in a dying state, but, by the use of this remedy they now live, and enjoy good health.

This Balsam is purely a vegetable compound. It is pleasant to take, and never does injury in any state of disease or under any circumstances. It effects its wonderful and almost miraculous Cures by Purifying, Strengthening, and Invigorating the whole system—by equalizing the circulation, and producing a healthy action—thus allaying Cough—soothing the Nerves—and aiding and facilitating Expectoration. It Cures the following diseases, viz

Consumption,

COUGHS and Colds, Bronchitis, Asthma, Spitting of Blood, Bleeding of the Lungs, Pains in the Breast, Side, and Chest, Nervousness, Night Sweats Palpitation of the Heart, and all FEMALE WEAKNESSES and Complaints arising therefrom, Cholera Infantum, &c.

☞ For Proof and particulars of Cures, see our Pamphlets and Handbills—all our Agents have them to give away.

HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING

Extract of a Letter from Mr. William Galpin, of 70 St. Mary's Street, Weymouth dated May 15th, 1851

To Professor Holloway,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect, her health suffered severely, and the state of her legs was terrible. I had often read your advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31 1851.

To Professor Holloway,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr W P England, Chemist, 13, Market street, Huddersfield

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a letter from Mr Frederick Turner, of Penshurst Kent, dated December 13th, 1850

To Professor Holloway,

DEAR SIR,—My wife had suffered from bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine I determined again to use your Pills and Ointment, and therefore gave them a trial in her case and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER

The Pills should be used conjointly with the Ointment in most of the following cases

Lesage's Specific,

NEVER failing remedy for thoroughly eradicating disease of the Urinary Organs, such as Gonorrhea, Gleets, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints to beware of those catch-penny things which unprincipled individuals, without the slightest knowledge of the Structure of the human system recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases and the thousands that have spoken unsolicited certificates vouch for its efficacy. The more the better it is known the greater is the demand for it. How different from the various quack nostrums which, when the unhappy patient has once used, no inducement can ever make him try again—Lesage's Specific has been the remedy depended on by every class, the sedate the lawyer, the merchant, the seaman and the dashing exquisite have all tried it and found it truly the good Samaritan in the hour of trouble.

Dr Darby annexes extracts from some of his certificates.
